Request

Dear Custodian of Records,

In 2:50:55 in the recording of the Criminal Justice Council Meeting it is mentioned that NOPD produces quarterly reports on facial recognition. I would like to request all quarterly reports produced to date. Thank you.

Thank you, the City of New Orleans Law Department has received your Public Records Law request.

Your request has been forwarded to the City department or office which is the custodian of the records you requested. The custodian will determine whether responsive records exist, and if so, compile the records for your review.

Please refer to the due date located on the individual "Request #" page for an estimate of when your records, if any, will be available. This estimated due date may be adjusted depending on the nature of your request.

Please be advised that each request should be limited to one subject. For example, a request for the tax history of three separate properties should be filed as a separate request for each property. If you include the three properties in one request, you will be asked to refile each property as a separate request.

Note also that records may be in active use at this time and therefore not available for immediate review. Additionally, in accordance with the Louisiana Public Records Law, the City of New Orleans strives to promptly release all records which contain only public information and are not otherwise exempt from the Public Records Law. The City must balance its commitment to open access with its legal obligation to review public records for such exceptions and exemptions prior to release.

Also, please be advised that there may be a delay in responding to requests for a compilation of email messages. Requests for a compilation of email is a complex multistep process. The request must first be sent to the City's IT Department to retrieve the requested emails. The City's IT Department performs a search of the City's email system utilizing search terms. The IT Department then forwards the results to the Law Department. The emails must then be carefully examined by the Law Department to determine if there is any material that must be redacted for privacy concerns and otherwise.

As soon as the custodian notifies our office that the records have been compiled you will be invoiced by email. Once you pay the invoice, you may download the records. Alternatively, you may schedule a time to review or purchase copies of the records. Thank you for your request, and we look forward to working with you to provide public records in a fair and efficient manner.

Thank you,
